FLOORPOCKET

\$60,000.00

Creative Conners, Inc. Stage Elevator

"Lift Your Spirits!"

**Creative Conners, Inc. Floorpocket
Stage Elevator – 1000 lbs. at 14"/sec**

Creative Conners, Inc. is dedicated to making automation reliable and affordable for theatres and scene shops of all sizes. They offer a line of products that make scenic automation possible for everyone.

Floorpocket - Lift scenery and performers. In your trap room or built into scenery – Floorpocket will elevate your show. Floorpocket does not need to be anchored to sub-floor or permanently installed. Move it to different trap openings or entirely different venues. It's great for melting the wicked witch in Oz or for Thoroughly Modern Millie's apartment elevator.

PUSHSTICK

\$26,000.00

Creative Conners, Inc.

"Slide Your Spirits!"

Creative Conners, Inc. Pushstick
Move wagons with a zero-fleet winch

Creative Conners, Inc. is dedicated to making automation reliable and affordable for theatres and scene shops of all sizes. They offer a line of products that make scenic automation possible for everyone.

Pushstick - Haul scenery around the stage without worrying about fleet angles and chunky backstage equipment. Every aspect has been engineered for the demands of live entertainment. It's quiet, easy to rig, simple to operate, and safe. Whether you are sliding a wagon across the deck or need more muscle for your curtain track, Pushstick does the job. Pushstick's vertical orientation means less floor space is needed backstage or in the wings. Removable clear Lexan windows allow technicians to quickly inspect all internal components while protecting performers and crew from moving parts.

REVOLVE

\$26,000.00

Creative Conners, Inc.

"Revolve Your Spirits!"

Creative Conners, Inc.

Revolver

Spin any turntable

Creative Conners, Inc. is dedicated to making automation reliable and affordable for theatres and scene shops of all sizes. They offer a line of products that make scenic automation possible for everyone.

Revolve - Revolver is a friction-drive machine capable of spinning any turntable platform with a circular edge. Bolt it to the floor and press it into the edge of your existing turntable to instantly motorize your revolve. Perfect for Les Mis, The Wizard of Oz, or your donut turntable musical featuring one of America's founding fathers.

ROTATOR

\$26,000.00

Creative Conners, Inc.

"Rotate Your Spirits!"

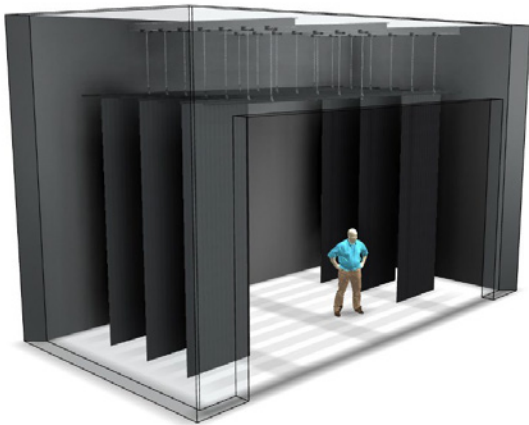

**Creative Conners, Inc. Rotator
Pivot. Spin. Twist.**

Creative Conners, Inc. is dedicated to making automation reliable and affordable for theatres and scene shops of all sizes. They offer a line of products that make scenic automation possible for everyone.

Rotator - Elegantly simple. Infinitely useful. Scenery fabricators have another tool for the most popular automated movement on stage. Rotator produces two unique style of motion: spin a platform like a turntable (spinning around the center point) or pivot a platform with the point of rotation off center. Rotator is perfect for donut turntables (the center is spun by the Rotator while the outside ring is spun by a Revolver). Or use it to "jack knife" platforms and swing them into place.

STAGE SOFT GOODS \$25,000.00

3 Sets of Legs and Borders, Scrim, Blackout and Cyclorama Curtains

"It's Curtains For You!"

TRICKLINE

\$17,500.00

Creative Conners, Inc.

"Trick it Up -
or Wherever"

**Creative Conners, Inc. Trickline
Low-profile Linear Actuator
Slides Scenery**

Creative Conners, Inc. is dedicated to making automation reliable and affordable for theatres and scene shops of all sizes. They offer a line of products that make scenic automation possible for everyone.

Trickline - Tackle trapdoors, pop-up props, or sliding steps without wrestling with another air hose or hissing valve. Trickline is a belt-driven linear actuator that is available with travel distances between 4ft to 32ft. It is super quiet, accurate, and compact to fit in small spaces even near audience members. Use it with curtain track to move drapes, flats, projection screens, LED panels, or futuristic Star Trek doors.

GENIE ELECTRIC LIFT \$14,000.00

Genie Aerial Work Platform AWP – 42' Need 1

"Lift Your Hands"

A tool to extract noxious and harmful fumes during the process of welding and spray painting. Necessary to keep employees and students safe.

CURTAIN TRACK

\$10,000.00

Rose Brand Triple E UNIBEAM System, Curtain Track, 200'

"Beam Me Up!"

**Rose Brand Triple E
UNIBEAM System
Curtain Track, 200'**

Curtain track used to track soft goods and scenic elements on and off stage. Heavy duty and silent track for premium installations.

UNIBEAM combines the versatility of the UNITRACK with the load-carrying ability of an "I" beam, therefore doubling as both a track and a fly batten. Large spans between pick-ups coupled with a standard size tee slot accepting universally available channel nuts make for fast and efficient installations. All Unistrut bracketry can be used with UNIBEAM curtain tracks. This might also include soft good needs of the seating area depending on the design of the building.

COMPRESSOR

\$8,000.00+

DUST SYSTEM

\$5,000.00

Laguna Dust Collector and Supporting System

"Filter It Out!"

Laguna Dust Collector and Supporting System

Unprecedented performance. Sporting standard black HEPA filtration the p|flux series is filled with innovative details.

When lifting the drum into position a connector on the back of drum automatically hooks up to a pipe in cyclone this way creating a low pressure in bottom of the drum. This is designed to hold down plastic bag to avoid it being sucked up into the cone during use, no other cyclone or dust system has such a smart system, it is a vast improvement over last generation.

System for keeping tools and work area clean and free of dust and debris during and after work hours.

SPRAY BOOTH

\$5,000.00

Bench Spray Booth

"Finish It Up!"

Global Finishing Solutions
Bench Spray Booth

For finishing and touchup of scenic and prop items. Our smallest paint booths, Bench Booths allow businesses and hobbyists to paint small products in a safe, code-compliant environment. Models are available with an integrated raised bench or designed to be placed on a countertop to make painting small parts easy and accessible. With fast shipping on Bench Booths, you can start painting sooner.

COLD SAW

\$5,000.00

Baileigh Industrial Variable Speed Circular Cold Saw

"Brrr..."

Baileigh Industrial Variable Speed Circular Cold Saw

A cold saw is a circular saw designed to cut metal which uses a toothed blade to transfer the heat generated by cutting to the chips created by the saw blade, allowing both the blade and material being cut to remain cool. This is in contrast to an abrasive saw, which abrades the metal and generates a great deal of heat absorbed by the material being cut and saw blade.

MILLING MACHINE

\$5,000.00

Grizzly Industrial 8" x 30" Vertical Mill with Power Feed

"Grist for the Mill!"

Grizzly Industrial 8" x 30" Vertical Mill with Power Feed
