Willa + Jules 2

She answers the phone and PETE turns to walk away.

Hey can I call you ba—Willa, what's wrong?...I can't understand you.

(calling after Pete)

Pete, wait!

No I'm listening I am. I just I can't understand you. Slow down...Where is Kai?

PETE's gone.

SCENE 11 — Start

JULES and WILLA on the porch. Tea.

JULES

I could literally murder her. Like I could choke her.

WILLA

You've always had some violent impulses. Probably good you found a creative outlet.

JULES

Who does this?
It's not like you were accidentally impregnated by her, like you had an agreement.

WILLA

We did.

JULES

Like I feel like the most base level co-parenting expectation is like, don't up and disappear.

WILLA

I agree.

JULES

She didn't say anything? She said nothing? Just went to plumbing class and didn't return.

WILLA

She packed.

JULES

She did?

WILLA

I didn't realize it, but she must have put a bag in the car earlier. Her toothbrush. Some of her things are just...gone.

JULES
(baffled)

I...

WILLA

There was something else, maybe two weeks ago. I brought home a cantaloupe. Because you know,

JULES

Baby Lupe, sure.

WILLA

And Kai...She ate it. And it's not like I told her not to or anything it was just one morning there she was eating our baby.

...

I should have known something was wrong then.

JULES

Well. That's it. I'm choking her. There will be two prisoner records for Jules McDougal, Capital Murder, Life without parole.

WILLA

What are you talking about?

JULES

Nothing. I...I feel like I am not making you feel better.

WILLA

It's okay.

JULES

You're a little bit like...

She waves her hand in front of Willa's face.

What's happening in there?
